Re: Freedom of Information

Dear Mr. Musgrave:

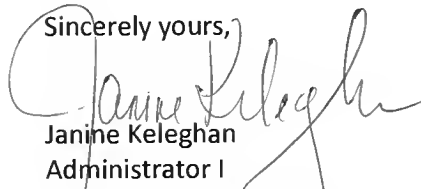

I am in receipt of your Freedom of Information application wherein you have requested records pertaining to the Suffolk County Police Department's use or potential "use of aerial drones, UA's, UAV's and UAS's (hereinafter "drones")". Please be advised that the requested records would not, in the normal course of business, be maintained within the confines of the Central Records Section and, has therefore, been forwarded to the appropriate Command to determine whether or not any such records exist.

Also, while I appreciate your position, be advised that all requests for records under the auspices of Freedom of Information are available for \$.25 per page and the collection of said fees cannot be waived. Therefore, as requested, prior to preparing any records deemed appropriate to your request, a courtesy letter will be provided describing the fee's associated with the availability of and/or existence of any such records.

I trust that you will understand that the Suffolk County Police Department receives a significant number of Freedom of Information requests and there may be a delay of approximately (30) to (90) days associated with this request.

Thank you, in advance, for your anticipated patience.

Sincerely yours,

Janine Keleghan
